### **Is It A Yamaha Engine**

How to Identify an Old Yamaha From Its Engine Numbers. Yamaha uses a standardized numbering system, which is broken into four sections: model code, basic part number, design code and the finish code. Because the crankcase engine number is actually the part number, improper identification might occur if the engine has been replaced,...

### **How to Identify an Old Yamaha From Its Engine Numbers ...**

As much as I want to believe that this is a Yamaha engine, I don't think it is. It would be much easier for cat to take there current 800 and stretch it out to an 880. That's what ski-doo did with their 850. Its the same motor as the 800 but with a longer stroke.

### **is this a yamaha engine,880cc | Page 2 | TY4stroke ...**

There have been many examples of a 350cc two stroke engine made over the years. Kawasaki and Yamaha motorcycles used this type of engine as well as many other manufacturers.

### **Is Yamaha pw 80 2 stroke engine - answers.com**

I Agree, I am very happy with my Apex 4 stroke, but its all about customer base, if everybody that rode Yamaha in north America wanted 2 stroke then Yamaha would be building and offering a 2 stroke, just look over sea's Yamaha's customer base wanted a 600 2 stroke, Yamaha offers a 600 2 stroke in their line up over sea's supplied by Cat. this new 880 engine maybe offered in Yamaha's mountain ...
