*You may not be perplexed to enjoy every ebook collections international dt466 engine problems that we will entirely offer. It is not as regards the costs. It's nearly what you compulsion currently. This international dt466 engine problems, as one of the most lively sellers here will utterly be in the midst of the best options to review.*

### **International Dt466 Engine Problems**

I have to disagree with you on who to point my cannons at though. My problem is with a "defective" O-ring on the actual DT 466 engine not on the sleeper or after market product like the blower or inverter, etc. International is the responsible party when it comes to defective manufacturer parts.

I have a 2006 International 4300 with a DT466. The truck works great when it works. It originally was towed in because the engine shut off on the highway. Our original diagnosis pointed to the IPR. We replaced it and it worked great. We did find small metal shavings in it. Replaced filters, etc. It was towed in a second time about a week later.

### **2006 International 4300 with a DT466 Problems - JustAnswer**

My 2000 DT466E engine is having problems, It does not run on full power, and often the power cuts out and comes back intermittantly, as if something electrical is going on. I was told that some type of wiring harness needed to be replaced.

### **International 4700 My 2000 DT466E engine is having problems,**

First of all can you be a little more specific. The reason I am asking is there are about three different versions of a DT-466 from the original to the later ones and then the 4 valve motor introduced about 3 years ago. In fact not all DT-466 engines have the same bore and stroke. All in all a good engine if you keep clean water free fuel in them.

### **International DT466 Motor - Yesterday's Tractors**

I bought a truck with the DT360 (baby DT466) that I knew had engine problems. Worst case I thought inframe kit. The engine was even a Re-con by Navistar that looked good externally. Turned out they had neglected the antifreeze causing electrolasis , overheated the engine ruining the head. The truck even ran though was a hard starter.

My truck is at the International dealer getting fixed as I am posting this for the same problem at 159,550 miles on our 2003 International 4300 with a DT466 engine. This truck is owner operated and never abused. I am so disappointed in hearing about this engine o-ring failure problem. My engine ran strong. International should warranty this.

### **IH DT466 engine faults - Yesterday's Tractors**

There are not many of anything that you can call a Legend but the Navistar/International DT466 diesel engine has to fall into that category. If the 466 is not enduring I don't know what is. The fact that you can bolt almost any part from a 466 built '78-'93 or '94-2004 on to one another is reality and not folk lore.

### **Rebuilding Navistar/International DT466 Diesel Engine**

international thought it would be great to use oil pressure to boost the injector pressure unlike cummins and detroit wherein they use the engine cam to get injection pressure and stanadyne (GM) uses a cam ring and plunger setup. international decided to use hydraulic pressure and electric solenoids to inject the fuel. not as good of a setup ...

### **DT466 issues - Diesel Truck Forum - TheDieselGarage.com**

Most DT466's are under 250 HP, and the models with electronic fuel injection of that era were designated DT466E. The '95 probably has mechanical fuel injection, and would be of lesser HP. If you can get the serial number of the engine, an International dealer can run it through their computer and tell you all of its sepcs.
