International 444 Engine

International T444E International Navistar manufactured the 7.3L Power Stroke, but the trademark "Power Stroke" is unique to Ford pickup applications. For other applications, such as International trucks, the engine was named the T444E (turbocharged, 444 cid, electronic controlled).

International T444E Specs & Info - Power Stroke Hub

The Navistar T444E is a Diesel V8 engine manufactured by Navistar International Corporation. In its use in Ford Motor Company trucks, vans and school buses, it is the first of the PowerStroke family of diesel engines. The T444E was manufactured from 1994 to 2004, replacing the 7.3 L IDI V8 designed by International Harvester. As a result of federal emission standards, the T444E was discontinued ...

TractorData.com International Harvester 444 tractor ...

The International Harvester Company (IHC) has been building its own proprietary truck engines since the introduction of their first truck in 1907. International tended to use proprietary diesel engines. In the 1970s, IHC built the DVT 573 V-8 diesel of 240 and 260 hp (179 and 194 kW) but these were not highly regarded and relatively few were sold.

List of International Harvester/Navistar engines - Wikipedia

About This Engine: The DI 7.3L turbo is the most popular diesel engine on the road today. Reviva's 7.3L Turbo engines, which are available for Ford Powerstroke and International T444e Series applications, are configured for delivery vans, pick up trucks, ambulances, utility trucks, airport shuttle buses and International school buses.
