Dr. Robert Goodman is the Executive Director of the New Jersey Center for Teaching and Learning (CTL) and founder of the Progressive Science Initiative (PSI) and Progressive Mathematics Initiative (PMI). Dr. Goodman has developed his science and math courses in a way that blends direct instruction with student-centered methods.

New Jersey Center for Teaching and Learning

Earth science promotes a better understanding of our world through the study of geology, meteorology, oceanography and astronomy. Students majoring in earth science prepare for a future of caring for the planet, preserving natural resources, studying the physical composition of the earth, interpreting weather patterns, diving into ocean exploration or stepping into the vastness of space.

Earth Science | Kean University

The best way to learn science is to do science. Middle school science classrooms are infusing new technologies (i.e. Interactive Textbooks, Promethean boards, cooperativePromethean Tables) with active, hands-on investigations while introducingsecondary science content.

Science / Curriculum - Edison

Understanding the Earth processes is of utmost importance in the modern world. We offer curricula in environmental sciences, environmental earth sciences, earth engineering and environmental sustainability and prepare our students for successful and rewarding careers or graduate studies. Our faculty have strengths in water, soil and air pollution and cutting edge techniques to study them.
