Pool Hacker wrote:If you have an INTEX 8110 Chlorine Generator that continuously gives you salt level codes that prevents you from continuing to chlorinate (when you have verified that the salt ppm is OK) you may be interested in a "fix." It requires a little technical aptitude, but it works great.

I would give this product a negative star review if I could. I had the older model intex Krystal clear salt water system and I had it for 4-5 years with not one problem however this one we purchased with our new intex pool and we set it up properly but after only 4 hours the high salt code flashed and shut the system down.
