Can anybody tell me where I would find the engine serial number on a JS550? I saw one other thread saying its on the stator side of the engine but I do not see any numbers or letters anywhere on the entire engine (Besides obviously "Made in Japan" and "530"). I apparently need it to register my jetski..... My JS550 is a 1985 if that matters.

I have ordered a new gasket kit and I am going to freshen up the motor. Without doing a full rebuild this year is there anything else I should be aware of?
