Looking at purchasing an 08 John Deere 757, Kawasaki V-Twin, 25 hp w/60 inch deck. It has 270 hours, new blades and is in very good shape. They are asking \$5,600 which seems reasonable. Is there anything with this model that I should be wary of? I have looked at new units, but a similar model would be \$8K. My use is purely residential, about 2.5 acres.
