I'm trying to find a wiring diagram for a John Deere L130 riding mower. The starter won't make any noise at all, not even the starter solenoid. The battery is charged. I checked the parking brake switch with a ohm meter and it seems to be working. I took the starter off and went to the John Deere dealership and they tested it and said it was good.

John Deere L130 not sure of its age as I bought it used about 3 years ago. It has a Kohler model CV23S engine. 48" deck, 3 blades. I am at my wits end. Here is my tale of woe: I was happily cutting grass and noticed that the middle blade was not cutting. Took off the spindle, bearings were shot and the pulley mounting hole was wallered out.
