### **Site Civil Engineer Jobs in Iraq - 65 Vacancies in May 2019**

In view of the fact that Iraq has no national code, engineers and designers were depending on the ACI and British codes and standards. It is very important to have an Iraqi code because it will improve the quality and safety of the design and construction of buildings as well as its economic value.

In 1985 I sold six In-Circuit Emulators to the government of Iraq. Today Iraq is part of the "Axis of Evil"; then they were our allies, partners in the US mid-east strategy. I suppose our government still had some reservations about sending high tech equipment there, since getting a valid export license took six months and several trips to the Department of Commerce in Washington, DC.
