I have a 2003 Jetta 1.8L turbo... Has anyone had any problems with stretch bolts that mount to the engine bracket on the front motor mount (the one the power steering reservoir sits on)? I replaced my bolts but one of them wouldn't torque down. Turns out it's due to the inner threads on the bracket attached to the engine. One of the bolts torques down; the other will only torque to about 10-15 ...
