Kawasaki Replacement Engines - engine4less.com

Just finished working on an FH541V, and I have a question about the voltage regulator. The mower was not charging its battery (turned out to be a blown fuse), and I suspected the regulator and did a couple tests. Here's what I found: - With the regulator not attached to the blower housing (held on by the stator wires only), and the DC out terminal disconnected, the regulator operates as intended.
