The parts are produced from materials intended specifically for these critical applications. Other companies may offer products that fit these engines, but only IPD's years of service can provide you with the consistent quality and life expectancy you need.

Cummins® Parts | IPD

*This information is provided for convenience and is intended to be accurate. The manufacturer makes no guarantee, expressed or implied, to the accuracy of the catalog content. Refer to the OEM filter part number cross-reference for the most accurate information. Cummins Filtration is not responsible for misapplications.

Cummins Filtration - Catalog - Part Search

The Cummins Engine Company was founded in Columbus, Indiana, in 1919 by William Glanton Irwin and Clessie Cummins, a local mechanic. It focused on developing the diesel engine invented 20 years earlier, but in spite of several well publicized endurance trials, it was not until 1933 that their Model H, used in small railroad switchers, proved successful.
