The Navistar DT engine family is a line of mid-range inline-6 diesel engines. With horsepower ratings ranging from 170 hp (130 kW) to 350 hp (260 kW), the Navistar DT engines are used primarily in medium-duty truck and bus applications such as school buses, although some versions have been developed for heavy-duty regional-haul and severe-service applications.

### **DT466E / DT530E Torque & Rebuild Specs - Reliance Power**

Horsepower is not what you need to be concerned with on a diesel, it's the torque. If i remember correctly the 300 horse Cat and International make more torque than the 330 horse International. You did not mention which series International either, they have two different 330 horse engine lines. Of those two, i'd take the Cat.

### **CAT vs INTERNATIONAL - Firehouse Forums - Firefighting ...**

The International Harvester Company (IHC) has been building its own proprietary truck engines since the introduction of their first truck in 1907. International tended to use proprietary diesel engines. In the 1970s, IHC built the DVT 573 V-8 diesel of 240 and 260 hp (179 and 194 kW) but these were not highly regarded and relatively few were sold.
