### Accounting for unprofitable construction contracts: a ...

In accounting, the controlling account (also known as an adjustment or control account) is an account in the general ledger for which a corresponding subsidiary ledger has been created. The subsidiary ledger allows for tracking transactions within the controlling account in more detail. Individual transactions are posted both to the controlling account and the corresponding subsidiary ledger ...

### Controlling account - Wikipedia

Big Bath in accounting is an earnings management technique whereby a one-time charge is taken against income in order to reduce assets, which results in lower expenses in the future. The write-off removes or reduces the asset from the financial books and results in lower net income for that year. The objective is to 'take one big bath' in a single year so future years will show increased ...
