The C101 connector on 1987 and 1988 Renix Jeeps was a source of electrical resistance when the vehicles were new. So much so that the factory eliminated this connector in the 1989 and 1990 models. The factory recommended cleaning this connector to insure the proper voltage and ground signals between the ECU and the fuel injection sensors.

I have an 89' Cherokee 4x4 with the 4.0l engine and manual transmission. I've been trying to chase down an issue regarding the fuel delivery system. When I turn the key the fuel pump usually does not prime (1 of 10 times it will). It will start fine though despite not priming. However, when I shut it off I can not start it again for about 15 ...

If you want to run the 710's you have to replace the fuel injector rail with one from a 91-95 and install a Chrysler #4418850 fuel pressure regulator. Remove the battery cable for a few minutes. Renix systems don't store fuel trim profiles like OBDI/II, but for whatever reason powering down the computer helps sometimes.

### **Any renix owners do an injector upgrade? : CherokeeXJ**

Renix (Renix Electronique) was a joint venture by Renault and Bendix that designed and manufactured automobile electronic ignitions, fuel injection systems, electronic automatic transmission controls, and various engine sensors. Major applications included various Renault and

Volvo vehicles. The name became synonymous in the U.S. with the computer and fuel injection system used on the AMC/Jeep ...

### **Renix - Wikipedia**

The Renix system was used in the J series engines as fitted to the Renault 21 and Savanna/Nevada, the Renault 25, and the Renault Espace. It was a multi-point fuel injection system, as opposed to a single-point system, with a number of air, throttle and pinking sensors, and an advanced computer.

Great work in developing these helpful, correct, and welcome Renix Jeep upgrades, Cruiser54. The tips on sensor tests and ground improvements worked quite well for me. Installing the dual-diaphragm brake booster upgrade has paid back in performance and safety. But my vote for "best tip" has to be: 4-port fuel injectors!
