Allure of the Seas Engine Room [HQ]

Engine room tours are extremely rare. Today's modern engine rooms can be quite dangerous, with hot steam pipes to burn you, slippery catwalks, high voltage, and very loud machines. But the most dangerous - and the main reason why you cannot tour - is fire suppression. Most engine room fire suppression systems are CO2 and HALON.

Most of the passengers on a cruise ship are curious to find out how things are operated behind the scenes. In order to bring extra profit and to present more personal experience to the guests, all cruise lines offer ship tours to the bridge, engine room, galley, backstage of the theatre etc. Group tours are limited so they tend to be booked as passengers board the ship.

Behind Scenes Cruise Ship Tour Prices | Crew Center

The Ultimate Ship Tour lasts approximately three hours, and is offered once or twice per cruise on a sea day. Space is limited for the tour, which is available for \$150 per person, and can be reserved onboard at the Passenger Services Desk. The tour is available on most Princess ships. The innovative tour features:
