**Nissan Engine J15, Nissan Engine J15 Suppliers and ...**

A bit like night & day really, but if the small pushrod engine has an external aluminium oil pump, on the right side of the block near the front, driven by a horizontal shaft, then chances are that it's an A series engine. If it looks like an Austin A40 engine, if it has a cast iron head, then it's probably a J series engine.

**Nissan Forklift Engine parts guides - TIFFIN PARTS**

The J15s were fitted with what would become Holden's standard small engine boiler, with the dome placed well forward, and a long stovepipe chimney, giving them an ancient, but quaint, appearance. They would retain the same basic boiler design throughout their lives, and superheaters were never fitted.
