Daihatsu also withdrew from the Australian market some years ago, even though they had a reasonable presence here. The Charade was a popular small car even with a 3 cylinder engine. The Rocky was also sold along with a smaller sibling the Firenza which was later replaced by the Terios. Not sure why they abandoned the Aussie market.

The export model had a detuned version of the more powerful engine, with 70 kW (94 hp; 95 PS). As the Rocky, this was one of two models, alongside the Charade, sold in the United States during Daihatsu's brief presence in that market. The multi-point fuel injected engine was available in Australia.
