My 1998-2013 homebuilt accident database has 37 accidents involving aircraft with Jabiru 3300 engines. Just two of the cases involved the core engine. One was, "A failure of an engine cylinder exhaust valve due to the buildup of lead deposits on the valve stem and fatigue cracking of the valve stem" (ERA12TA542).

### **Jabiru 3300 reliability? | Pilots of America**

What's that airplane with the funny sounding name? The question arises when pilots, unfamiliar with the new brands introduced by the light-sport aircraft (LSA) category, try to comprehend the name Jabiru. "And this airplane company also makes its own engine?" This second question frequently follows the first. Jabiru USA's Peter "Pete" Krotje and his staff must tire of the explanation.
