2.) Rebuild: If no topend damage, i will send the crank out for balance/Knifeedged, have the cylinder walls mic'd, observe pistons, replace main bearings with the 1098R bushings, degunk engine, valve shim adjustment, probably should do new belts, and maybe a few other things but first need to know if the engine is rebuildable.

I took my Ducati to Syd's in St Petersburg for engine restoration. Syd not only restored my engine, but machined some trans gears making it shift real smoothly. I was impressed with Malcolm Tunstall's precision machining. I looked at a 66 monza that they totally restored for a customer, looked like a new motorcycle.

Engine Rebuild? What exactly does it entail? or Replace with Wreck Engine. Ducati Monster Forum. April 28, 2019, 11:48:17 PM ... Re manufactured is rebuilding an engine and replacing all wearing components, in short, all except the block (specific to your bike) cases are either replaced or machined.

**Engine Rebuild? What exactly does it entail? or Replace ...**

I have completely stripped and rebuilt my 996 engine. My response to the op's question would be to what extent you intend to rebuild the motor and why? Is the engine working, blown, old, cosmetically damaged? Much of the time and or expense can be variable depending on condition and known issues, sourcing parts can take time also.

**Rebuilding An Ss Engine | Ducati Forum**

Since the Ducati is not a high revving engine by design, Ax suggested building for a broad power band. Now if you look at some of the books on car engines. Bill Jenkins, "The Chevrolet Racing Engine" and Waddell Wilson's "Racing Engine Preparation, you will find a similar line of reasoning.
