### **International Harvester 620 Grain Drill Parts Manual**

We just bought an International grain drill(it is a 24x7 drill) and it needs some work before it will be field ready. When looking on Case IH's parts website it has some differences in parts (mostly on machines built prior to 1975 and after 1975 ) but it doesn't give serial number breaks like new holland and john deere do for their parts websites.

I have seeded with IH 100's, 620's and 6200's. The 620 gave the most problems. The main problem was that the "wheelbase" from caster wheels to packer wheels was a bit too short on the 620. If you were seeding on smooth ground then no problem. Going too fast on rough ground punished the welds on the caster supports.
