The problems im having is my aquatrax isnt running worth a shit. I can do about 40 mph and then it starts running ruff and wont go any faster, and when its idling it doesnt sound right either and some times stalls. every now and then it will take right off and up to 65mph and then all of a sudden thats it??? And most of the time its running ruff right from the start,, its all over the place.

A personal watercraft (PWC), also called water scooter, and comically a boatercycle, is a recreational watercraft that the rider sits or stands on, rather than inside of, as in a boat. PWCs have two style categories, first and most popular being a runabout or "sit down" where the rider uses the watercraft mainly sitting down, and the watercraft typically holds two or more people.
