I was surprised to know that there are people who do not know how to play other keys simply because they do not know how to take what they know in certain keys to other keys. So this video is ...

How To Transpose Manually.
I have used the Korg X50 many times over the last few years. This board is built very well and is made to take on the road without any issues. There are over 500 programs in it and the arps are very good! Learning to use it and setting it up does not take long but there is a small learning curve if ...

User reviews: Korg X50 - Audiofanzine
Best of all, the X50 is compatible with Korg's TR line of music workstationsso you can share sounds and songs with Korg users around the world. Dual arpeggiator makes performance even more fun An arpeggiator lets you play a variety of phrases using just one finger, and the X50 provides two polyphonic arpeggiators!
