JavaScript is Netscape's cross-platform, object-based scripting language for client and server applications. Contents New Features in this Release About this Book New Features in this Release

Client-Side JavaScript Reference - Oracle

I read this JavaScript pocket reference twice through in review for an exam, which I passed thanks to this book. It's not the most gripping or exciting read (I was not expecting this. Hahaha.), but it presents a very comprehensive explanation of the JavaScript language and its usage. This book is not a one-stop-shop for learning JevaScript.
