File Allocation Table (FAT) is a computer file system architecture and a family of industry-standard file systems utilizing it. The FAT file system is a continuing standard which borrows source code from the original, legacy file system and proves to be simple and robust. It offers useful performance even in lightweight implementations, but cannot deliver the same performance, reliability and ...

Way back in 2007 I had a new boiler and central heating system installed. I chose the Worcester-Bosch Greenstar 30CDi combi-boiler as the heart of the system since the manufacturer has a very good reputation for reliability and efficiency.. This boiler has various control systems that can be used to operate the heating and direct hot water. I selected the DT10RF Optimising Digistat since ...
