The discussion about the data science roles is not new (remember the Data Science Industry infographic that DataCamp brought out in 2015): companies' increased focus on acquiring data science talent seemed to go hand in hand with the creation of a whole new set of data science roles and titles. And two years after the first post on this, this is still going on!

Data Scientist vs Data Engineer (article) - DataCamp

Biographies: Eugene Dubois Eugene Dubois was the first person to ever deliberately search for fossils of human ancestors. Only a handful of fossil humans had already been discovered, and those were by chance.

Java Algorithms and Clients. Design goals. Our original goal for this book was to cover the 50 algorithms that every programmer should know.We use the word programmer to refer to anyone engaged in trying to accomplish something with the help of a computer, including scientists, engineers, and applications developers, not to mention college students in science, engineering, and computer science.

Oracle acquired Sun Microsystems in 2010, and since that time Oracle's hardware and software engineers have worked side-by-side to build fully integrated systems and optimized solutions designed to achieve performance levels that are unmatched in the industry. Early examples include the Oracle Exadata Database Machine X2-8, and the first Oracle Exalogic Elastic Cloud, both introduced in late 2010.

In this talk, I will live code a Spring Boot application with no annotation that will run as a native image compiled with GraalVM. This application will leverage Kofu configuration, a Kotlin DSL designed to configure your application in a functional way. I will also present various features currently incubated in Spring Fu: - Kofu (Kotlin DSL) and Jafu (Java DSL) configuration for Spring Boot

JFuture Java Conference in Minsk, Belarus | October 13, 2018

As an engineer for the U.S. Digital Service, Marianne Bellotti has encountered vintage mainframes that are still being used in production — sometimes even powering web apps. Last month she entertained a San Francisco audience with tales about some of them, in a talk called "7074 says Hello World," at Joyent's "Systems We Love" conference.
